

Developing and using the staff

How have I been developing and using my staff?

1. What is my staff? What aspect of my staff have I come to know? What aspects of my staff still feel unknown/undiscovered?
2. Are there aspects of my staff that God is calling to me to give more attention to?
3. Are there aspects of my staff that have been experiencing growth or usage recently?
4. Which parts of my staff do I tend to lean on? Natural talents? Acquired skills? Spiritual gifts? Or a combination of?
5. How have I seen examples when all three (the natural, acquired, and spiritual) have come together?
6. After the retreat, what are some ways in which I will develop and use my staff?
